

Peer Feedback Matrix Conclusion

- Please fill in the matrix after reading/discussing your partner's work.
- 1 is excellent, 3 sufficient and 5 does not achieve the task
- Please add comments on each section below on the right hand side
- Please be constructive rather than critical

Example feedback comments

What interests me most about this introduction is.....

The area(s) that I think needs most work is/ are.....

Have you thought about looking at /thinking about.....?

My additional comments are.....

Feature		1	2	3	4	5	Comments (please give as much feedback as possible)
Initial Sentence	Clearly introduces this as the final paragraph of the essay.						
Essay Coherence	Conclusion reflects the Thesis Statement and information from the body						
Summary	Conclusion logically and briefly summarises the main points from the body.						
Evaluation	Limitations of the essay's scope, research or applicability are mentioned.						
Conclusion	Concluding paragraph draws a conclusion to answer the guiding question.						
Rationale	Conclusion demonstrates relevance of essay topic and implications/possible applications of the conclusions drawn.						
Closing sentence	Gives the essay a 'finished' feel and closes the essay memorably.						
Sources	Sources are referenced where necessary.						
Cautious language	The writer avoids overgeneralisations and outright claims (e.g. opinions stated as 'fact')						
Register	The language used is suitably formal.						
Coherence and cohesion	It is very easy to follow the writer's line of thinking.						
Accuracy	There are no spelling, grammar or lexical mistakes.
